Product description

The MIYO POP single layer lunch box contains 33% recycled Prevented Ocean Plastic. Thanks to a world first in recycling, single-use PP cups can now be collected and mechanically recycled into new food-safe products, just like this one! In fact, this lunch box transforms 25 single-use plastic cups into a product that can be used over and over again – and then recycled again! The ideal lunch box for school, work or leisure, the MIYO lunch box offers a 700 ml capacity, making it ideal for sandwiches, salads and much more. The lid is held in place with a band made from recycled PET. Please contact us for other colour combinations and extra accessories, such as a spork or inner compartment. Microwave safe, dishwasher safe, BPA-free and fully recyclable. Fully customise your MIYO by adding individual recipient names to the lid – please...
